

Paperless Process Recorder (PPR) Specification Sheet

The Anderson-Negele Application Engineering team requires this specification sheet to accompany each PPR Hardware Order. Incoming orders with incomplete or missing information will be held until all required information is provided.

Required Information

Plant Name (Where PPR will be installed)

Parent Company Name

(If the Plant is a subsidiary of a parent company please disclose the parent company name, which will be used to associate multiple plant locations or operating companies within the same instance of Legendary Software)

Plant Address

Plant Contact Name

(Who is going to fill out this form? If the Anderson-Negele Application Engineering team has questions about this form, who should they reach out to?)

Contact Information

(If there are questions, how can the Anderson-Negele team reach the customer who submitted this form?)

Plant already has PPR?

If no, Software PO Number
(A Legendary Software Purchase Order is required for the first PPR sold to a customer)

End User / Plant wants implementation services

If yes, was the Implementation Service Specification Workbook provided to Anderson-Negele?

Other Information (Optional)

***All fields on this form are required ensure delivery within the quoted product lead time. Please direct questions to PPR-LD-AE@anderson-negele.com**
